GL-ITA

First Carbon Neutral Achievement Date:
01 January 2020

Statement Validity Date:
31 December 2022

This certifies that the organization:

Barilla G. e. R. Fratelli S.p.A.

Via Mantova, 166 - 43122 Parma (PR) - Italy

has issued on the 5 August 2021 the
Qualifying Explanatory Statement (QES) entitled:

“Mulino Bianco Qualifying Explanatory Statement (QES)”

claiming the second carbon neutral declaration of achievement for **MULINO BIANCO brand products** (here-after “the PAS 2060 subject”) for the period commencing on 1st January 2020 and ending on 31st December 2020 and with the commitment to maintain the carbon neutral status of the PAS 2060 subject until, at least, the 31st December 2022.

DNV has verified, according to the International Standard ISO 14064-3:2006 “Specification with guidance for the validation and verification of greenhouse gas assertions”:

- the methodology used by the organization to determine the carbon footprint of the PAS 2060 subject during the second carbon neutral period, as described in the internal document entitled “Carbon Neutrality Mulino Bianco brand. Calcolo del carbon footprint: I ipotesi e risultati-anno 2020” ver.1.2 of the 5th August 2021.
- the GHG emission reduction plan, as described in the document entitled “Carbon Neutrality Mulino Bianco brand: Piano di gestione delle emission-Anno 2020” ver.1.2 of the 5th August 2021 associated to the PAS 2060 subject.
- The offsetting of the residual GHG emissions – remaining after the GHG emission reduction plan- associated to the PAS2060 subject through Voluntary Emission Reductions (VERs) generated by the Verified Carbon Standard Project related to bundled Wind power entitled “Aspari Wind” in India and the Project “Saldanga Small Hydroelectric Project” entitled “Rio Foresta D'Oeste” in Rondônia State in Brasil certified by VCS and CDM.

DNV states that that the above referred Qualifying Explanatory Statement complies with the requirements of the International Standard PAS 2060:2014 “Specification for the demonstration of carbon neutrality”.
